Shaz'z came to my rescue when faced with a job relocation. Shelley organized everything relieving the stress. Items were sorted into keep, donate and trash. After the contents were packed she arranged a mover, secured a storage locker and supervised the movers. Donation went to a women's shelter. I would highly recommend utilizing Shaz'z services. Thank you for the great job!!!

Shaz'z Organizing Services are the BEST, I just moved from Alberta to Vancouver and really did not know where to begin. We moved from a 4 bedroom house to a two bedroom apartment. I was getting anxiety attacks, I called Shaz'z Organizing Solutions and they came the next day. My house was in order within 4 hours. I was amazed at all the space I had now, and all the stuff that was junk. Shaz'z got the junk removed from my house, and my house was in such order. I COULD BREATHE again. Thank you again Shaz'z!!

Shaz'z Concierge Services has been a lifesaver for me. I have needed help with a difficult move and not knowing of any services in Abbotsford area. Shaz'z organized all my utilities, booked appointments, waited for tradespeople to come. Helped me buy furniture, gave me many referrals to other services and also helped me unpack and organize my home. Their quality and service is next to none, they go that extra mile for you. Thanks ever so much for providing this wonderful service."

Just wanted to write this note to thank you for helping me with my first house purchase. Shaz'z Concierge Services was great with their service and availability for helping me organize my move with unpacking and running some errands. I can not thank you enough for your service since I was under enough stress with purchasing my first house. Thanks again and I will definitely be using your services in the future."

When something nice happens to you a special excitement follows that makes you want to share with others and today I would like to do it with you and your company. I would like to say thank you for your wonderful service provided to my wife and myself. With my wife being sick so often you have made her feel more in control by being there for her when she is compromised. I know she is safe when she calls you to step into the gap for her...also thank you for the nice job on my car...lets make it a once a month habit and just do what you did last time....

This year I decided to give myself a Christmas present - her name is Shelley! We had 21 family members sharing Christmas dinner with us - ranging from ages 1 - 82 years. I wanted it to be perfect and enjoyable for everyone - including me. Shelley arrived half an hour early, headed straight for the kitchen and asked, "What can I do for you?" Shelley took charge of everything - the salad, the vegetables, making the gravy, mashing the potatoes, carving the turkey, and she had it all on the table at the same time - piping hot! While my family tucked into a delicious meal Shelley busied herself in the kitchen, replenished empty bowls on the buffet table and served my guests. My Mom thought it was great to be sitting in her daughter's home and have someone come and ask her if she was finished and then remove her empty plate. She whispered to me, "I feel just like the Queen at Buckingham Palace. This was a great idea you had." When the main meal was over the serving dishes magically disappeared and the buffet table was covered with a variety of mouth-watering desserts. Did I mention that tea and coffee was also ready? It wasn't until I was enjoying my Christmas Trifle dessert and I heard the sound of dishes being washed that I realized, "Wow, I can sit here and enjoy my dessert, I can enjoy my family and I don't have to do dishes and I don't have to feel guilty about it!" It was a wonderful feeling. After dinner the family retired to the family room for gift opening. Shelley continued to work quietly and efficiently. Other than the diminishing piles of dirty pots and pans, dishes and glasses, you wouldn't even know she was there! Shelley didn't leave until the last dish was washed, the dishwasher emptied and the highchair tray wiped clean. Give yourself a gift, do yourself a favour, the next time you plan a gathering and want it run smoothly and efficiently, call Shelley. Just don't call for Christmas Day, I have her booked for the next 10 years!

Clutter vs Shelley...and who is the winner? Well in this case, I am! I had the opportunity to have Shelley in my home for a couple of hours & she attacked my living room. Three bin/boxes were setup & donation/garbage/sellables. The only important question was why did I have a lot of this stuff still hanging around my house and she was able to give me the answer & a workable solution. At the end of 2 hours, I had a donation box full of items; a bag of useless stuff for the

garbage bin; a small amount of items that could perhaps be sold; and an overall good feeling that something had been accomplished. There is an empty space in the buffet cabinet, several baskets that were emptied of their junk, and a clean & dusted shelf unit. I even had to let go of a pair of earrings that had a missing stone (god only knows why I was keeping those). With encouragement & help from Shelley & I was able to eliminate that cluttered look in the living room. She gave me numerous helpful tips for my laundry room which I have now put to good use and that has motivated me to de-clutter in the bathroom as well. Because she has no attachment to the "things" that are hanging around...she can be unbiased and give an honest answer about which box or bin it really belongs in. I will be having her back to help me de-clutter my spare bedroom/office space in the future. THANKS again for your help.

After 5 years of living in our condo we had accumulated quite the amount of "stuff". The "stuff" had taken over. As if that wasn't bad enough, I had also begun to operate a home business 2.5 years ago and had no real system in place for the mounds of paperwork that were piling up. Finding anything around the house was a chore and the disorganization of it all was driving me crazy. I couldn't work (or live) like this anymore. I found Shelley on the Internet and we started working on my "office". It took a while to sort through, but in the end was more than worth it. I can once again find a document in 30 seconds. I was motivated! We tackled my bedroom closet next. I'm not done yet, but getting close, and the change in my house (and my feeling towards my house) is dramatic.

I just wanted to thank you for the wonderful job you did helping me organize my move after I sold my house. I did not know where to start, it helped to declutter before I began packing. I only have to move half the house because the rest was junk. It was wonderful once the movers arrived that you were there to help me unpack and organize each and every room. I would recommend you to anyone. I love the new name too.

I would like to send a big THANKS to Shelley for all of your hard work and patience in managing my property when we had to relocate unexpectedly. Your professionalism and organization really helped, especially in the uncomfortable situations with the tenants. I don't know what we would have done without you. You are an amazing woman!! My family would like to extend our gratitude to you with a bonus cheque and I am sure that I will be in need of your other services in the future. Thank You, with all of my heart.

I would like to thank Shaz'z for the quick response in helping me pack up my house on such short notice. I found Shaz'z to be very efficient and did not hesitate to recommend some great ideas on my downsizing. Shaz'z also recommended a good moving company and had made all the arrangements for our move. We would like to thank you again for all your help and would greatly recommend you to all our friends. THANK YOU.

-Felix Markey, Cloverdale 2009

I would like to take this opportunity to thank Shelley and Shaz'z for the help she gave me setting up my new office. I did not know where to start but with her professional and experience she gave me the motivation to get going on it. I was so pleased with the results I asked her to take a look at all my clutter in my basement. I could never seem to find the time and quite honestly I did not know where to start, since it was in such a turmoil for months. We had removed so much junk that I had been packing around for years. Thanks to Shelley my basement is so organized and I can see the floor now.
